

Historic District Commission  
Minutes  
Meeting Tuesday, June 12, 2012

The meeting convened at 8:05 pm

Members Present: A. Atwood, A. Bacon, J McGarry, D. Spencer, G. Bruhn

Plans for replacement of the Dodd Road Bridge were presented by G.Bruhn, who received them from Bryan Blanc, Engineering Student Intern in the Department of Public Works. The Commission had numerous questions regarding the plans and suggested that a special meeting be held with a knowledgeable representative of the Public Works Department to answer questions directly. G.Bruhn will contact Curt Hirsch, requesting that such a meeting be arranged. Commission members were particularly concerned with the “stimulated stone” and cable guide rail components. It was suggested that designs used for the Stonemill Road bridge project might be shared in conjunction with this project. Commission members will be notified of a meeting date once that is arranged.

Old Business:

Minutes of the May meeting will be submitted with those of the June meeting.

Other:

Suggestions for new alternate members will be an ongoing consideration.

The meeting concluded at 8:50 p.m.

Respectfully submitted,

Gail Bruhn,  
Chair
